Send us the numbers, but we've had this draft for some time—and your numbers---and it has now it has gone to print. Done. Final.

We will make your changes for the next version!

During your presentation you will have to explain why the numbers differ slightly from the handout they will all have in-hand.

Hi Lynda and Marc,

The total nickel removed from Water Board operations should be **6,466 pounds** not the 5,740 pounds as we originally sent over. The discrepancy is due to estimates applied to the 2000 treatment season. The final version of the Water Board presentation for Thursday's meeting will be sent to you within the next couple of hours (a couple of typos were found and are being fixed as I type this).

Lynda,

If the weather holds our current plan is to drive over from Sacramento on Thursday morning.

Thanks,

Marc

FYI, Here if the final going to print with your updated numbers. Thanks for the quick turnaround time!

We appreciate your offer to print, but we need them for Thursday 8am meeting with the tribe.

Unless any of you are staying in Minden.....tomorrow night....for us to pick up from you there?

Lynda
